

Gedicht zum 10-jährigen Bestehen der Erd-Charta

It Starts With One

It starts with one universe
With one awakening, one choice
With one person who cares
With one teacher, one neighbour
With one dialogue, one collaboration,
one action
With one dream
It Starts With One
Caring for one plant, one tree
Looking after onebird , one squirrel
Saving one drop of water
Picking up one piece of waste
Walking one journey,
one future , together
Caring for one Earth Community
